Safety and health training is key to dealing with all of these issues. MARCOM's "Safety Meeting Kits"™ provide all of the items needed to promote and conduct a complete safety meeting. Each "Safety Meeting Kit"™ includes a Videotape or DVD, 5 Posters and 30 Employee Booklets...all designed to work together. Kits also have reproducible Scheduling and Attendance Forms and employee Quizzes. The kits' reasonable price makes them affordable for even a small facility or department.
